To whom it may concern

RE : COMMENDATION FOR A JOB WELL DONE
: Mr. Tebogo Leping

This is to confirm that Mr. Tebogo Leping has taken part in a community – wide public campaign to find a logo symbol for our municipality.

Following the successful merger of the erstwhile municipalities of Tlokwe and Ventersdorp into a single integrated JB Marks Local Municipality the latter had to canvass the public for its suitable logo and colours. A panel of experts was set up to co-ordinate this public engagement.

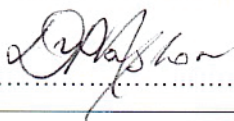

In this regard the municipality called upon the community to make submissions suggesting on these corporate identity elements.

Mr. Leping made an excellent contribution that impressed the panel. Amongst all other submissions, it was that of Mr. Leping's that grabbed the attention of the panel. Most of the elements that were incorporated in the final logo proposition were from the contribution of Mr. Leping.

We therefore commend the ability and the skills of Mr. Tebogo Leping, particularly his application in graphic design.

Yours Faithfully

D W Maphosa
COMMUNICATIONS MANAGER
